SUMMARY

I want to make a career as a front-end developer in a progressive company or startup and join professional team of developers to make great projects. A sociable and flexible team member who loves to learn. Moreover, I'm a super positive and hardworking person.

SKILLS

HTML
CSS
Figma
JS
React

CODE EXAMPLE

```js
module.exports = function reverse(n) {
  let result = String(n)
    .split("")
    .filter((num) => num !== "-")
    .reverse()
    .filter((el) => n[0] !== "0")
    .join("");
  return result;
};
```
